The Ohio Advisory Committee to the United States Commission on Civil Rights is hosting an open community forum to hear your experiences regarding civil rights and education funding in the state. The Committee is seeking public testimony regarding how the state's school funding formula may impact access to education on the basis of color, race, sex, religion, national origin, and/or disability status.

This meeting is free and open to the public. No appointment or registration is necessary, however, you must sign up onsite to speak. Please come share your experiences with the Committee.

The Ohio Advisory Committee heard initial testimony on this topic in Cleveland in September of 2018. For records of previous meetings or information regarding upcoming meetings please contact the Regional Programs Unit at the number to the left. The Committee will issue its findings and recommendations in a report to the Commission after all testimony has been received.
